FLERA

FLERA è un paletto luminoso architettonico a fungo caratterizzato da un paralume emisferico liscio e da uno stelo sottile, progettato per un'illuminazione diffusa ed elegante verso il basso di vialetti e giardini. Progettato per alte prestazioni, unisce una tecnologia LED avanzata a una resistente struttura in alluminio e rame trattata con verniciatura a polvere Tiger.

FLERA is an architectural mushroom-style bollard light featuring a smooth hemispherical shade and a slender stem, designed for elegant and wide-spread downward pathway and landscape illumination. Engineered for high performance, it combines advanced LED technology with a durable aluminum and copper construction treated with Tiger powder coating.

Description

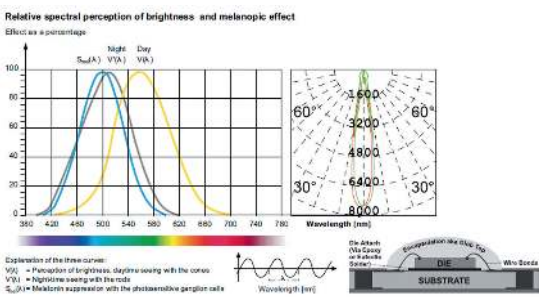

Housing - Robust aluminum and copper construction featuring a premium Tiger powder coating designed to ensure superior outdoor durability and long-lasting protection in demanding environments.
Diffuser - High-transmittance diffuser under the hemispherical dome for glare-free downward light.
Reflector - Precision beam control (360° / Elliptical light).
LED - Sustainable energy savings enabled by advanced LED technology (Efficiency: 100 Lm/W, UGR<19).
L80 / B10 @ 50,000 h (LM-80 / TM-21)
L70 / B15 @ 100,000 h (projected lifetime under typical conditions)
Failure rate: F10 @ 50,000 h, Ta -20°C ~ 50°C
Standards - Manufactured in accordance with tested as per PTPS IES 62722, Glowing Wire Test 850°
