RENZA

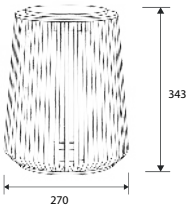

RENZA è un paletto luminoso decorativo e architettonico per esterni, caratterizzato da un corpo cilindrico realizzato con listelli in legno di teak naturale e una struttura in alluminio, che crea un'illuminazione calda e diffusa a 360 gradi per giardini e vialetti. Costruito con materiali di prima qualità e una finitura a polvere Tiger per un'eccezionale durata in esterni.

RENZA is a decorative architectural outdoor bollard and low-level light featuring a cylindrical body crafted from natural teak wood slats and an aluminum structure, creating warm, diffused 360-degree illumination for gardens and pathways. Built with premium materials and a Tiger powder coating for exceptional outdoor durability.

Description

Housing - Premium teak wood and robust aluminum structure with Tiger powder spraying finish for superior outdoor protection.
Diffuser - Internal diffuser with vertical slats for soft 120-degree light distribution.
Reflector - Precision beam control (120°).
LED - Sustainable energy savings enabled by advanced LED technology (Efficiency: 100 Lm/W, UGR<19).
L80 / B10 @ 50,000 h (LM-80 / TM-21)
L70 / B15 @ 100,000 h (projected lifetime under typical conditions)
Failure rate: F10 @ 50,000 h, Ta -20°C ~ 50°C
Standards - Manufactured in accordance with tested as per PTPS IES 62722, Glowing Wire Test 850°

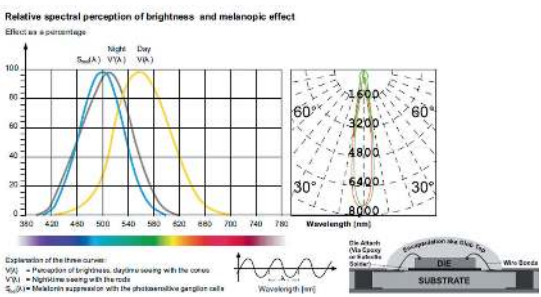

Model	Power	Illuminance	Size(mm)
