SFERA

SFERA è un paletto luminoso architettonico minimalista a sezione rettangolare, caratterizzato da una finestra luminosa verticale incassata, progettata per un'illuminazione confortevole e antiriflesso di vialetti e aree verdi. Progettato per alte prestazioni, unisce una tecnologia LED avanzata a una resistente struttura in alluminio trattata con verniciatura a polvere Tiger.

SFERA is a minimalist, rectangular-profile architectural bollard light featuring a recessed vertical light window designed for comfortable, low-glare pathway and landscape illumination. Engineered for high performance, it combines advanced LED technology with a durable aluminum construction treated with Tiger powder coating.

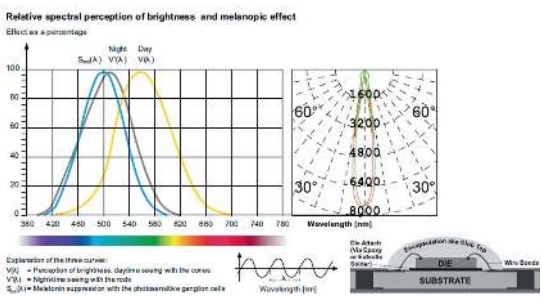

Description

Housing - High-grade aluminum construction with Tiger powder spraying surface treatment, engineered for superior outdoor durability and corrosion resistance.
Diffuser - High-transmittance diffuser with a recessed vertical slot for glare-free asymmetry.
Reflector - Precision beam control (Asymmetric distribution).
LED - Sustainable energy savings enabled by advanced LED technology (Efficiency: 100 Lm/W, UGR<19).
L80 / B10 @ 50,000 h (LM-80 / TM-21)
L70 / B15 @ 100,000 h (projected lifetime under typical conditions)
Failure rate: F10 @ 50,000 h, Ta -20°C ~ 50°C
Standards - Manufactured in accordance with tested as per PTPS IES 62722, Glowing Wire Test 850°
